Autumn Rain's unique ability to read imprints—emotions left on certain objects—is put to the test as she attempts to find a missing actress. When the investigation uncovers an eight-yearold mystery that involves more missing actors and one dead body, Autumn finds herself embroiled in a make-believe world where it's difficult to tell fake imprints from real, and where everyone concerned has something to hide. To learn the truth, Autumn must team up again with the handsome Detective Martin, complicating their uncertain relationship and testing her loyalty to her former boyfriend, Jake Ryan. Life takes another unexpected turn when Autumn discovers a clue to her own past that may explain her unusual abilities. But Autumn's mixed feelings about this discovery are put on hold as she finds herself in a deadly struggle to keep from facing her own final call.
